Tucked away in the heart of downtown Edmonton, **Cosmic Pizza & Donair** at 10412 102 Ave NW is the kind of local gem that makes you want to linger just a bit longer after your first bite. Their **Cosmic Pizza & Donair Menu** feels like a culinary journey through comfort food heaven - a place where cheesy, saucy, and crispy delights collide in perfect harmony. Whether you're stopping by for a quick lunch, a late-night craving, or a casual dinner with friends, this spot hits all the right notes with a menu that's both familiar and full of surprises.

At first glance, the **pizza selection** sets the tone for what Cosmic is all about: hearty flavors, generous toppings, and that golden, slightly chewy crust that defines a great pizza. The Canadian Pizza is a local favorite, loaded with pepperoni, mushrooms, and bacon - the kind of classic combination that feels like home. For those who crave a little adventure, the Mexican Pizza packs a flavorful punch with its spicy toppings and tangy kick. The Chicken Delight Pizza lives up to its name with tender chicken, melted cheese, and a creamy base that balances every bite. And for the vegetarians out there, the Veggie Pizza offers a colorful spread of garden-fresh toppings that don't make you miss the meat for a second. Each pizza is perfectly baked, with just the right amount of crispness at the edges and softness in the middle, making it an irresistible crowd-pleaser.

Beyond the pizzas, the **Cosmic Pizza & Donair Menu** shines with its **Donair and Shawarma** selection. Edmonton locals know a good donair when they taste one, and Cosmic's Classic Beef Donair sets a high standard. It's juicy, flavorful, and wrapped in warm pita, drizzled with that signature sweet garlic sauce that makes you instantly crave more. The Halal Donair and Halal Shawarma options are equally satisfying, offering a rich blend of spices and textures that cater to everyone. The Chicken Shawarma is especially popular - tender slices of marinated chicken paired with crisp lettuce, onions, and tomatoes, creating the perfect balance of freshness and flavor. Each bite feels authentic, comforting, and made with care.

If you're sharing with friends (or just feeling extra hungry), the **side orders** are a must. The Cheesy Bread is warm, gooey, and indulgent - a perfect appetizer before diving into your main course. The Bread Sticks

are simple yet addictive, especially when paired with one of their signature **Dipping Sauces**. And for something heartier, the Chicken Wings come in portions of 10 or 20, ideal for game nights or casual get-togethers. Crispy on the outside, tender on the inside, and full of flavor - they're the kind of wings that disappear fast.

For those looking for something lighter, the **Salads** on the Cosmic Pizza & Donair Menu bring a refreshing touch to the table. The Caesar Salad comes with crisp romaine, creamy dressing, and crunchy croutons, while the Greek Salad bursts with Mediterranean freshness - juicy tomatoes, olives, and feta cheese in every bite. Their Halal Salads offer healthy yet satisfying options for anyone who prefers a balanced meal without compromising taste.

What makes **Cosmic Pizza & Donair** truly special is the consistency - every dish feels freshly prepared, every flavor thoughtfully crafted. Whether it's the sizzling donair, the bubbling pizza straight from the oven, or the perfect side of cheesy bread, everything feels comforting and made with genuine passion. The restaurant's welcoming atmosphere and friendly staff only add to the charm, making it a go-to spot for both locals and visitors in Edmonton.

If you're on the hunt for great flavor and value, the **Cosmic Pizza & Donair Menu** delivers exactly that - a cosmic experience of taste that satisfies cravings big and small.
